PROJECTS

Personal Portfolio Website

(Dec 2024 – Jan 2025)

Tech Stack: Next.js, Tailwind CSS

- Designed and developed a responsive personal website to showcase projects, skills, and experience.
- Integrated smooth navigation, modern UI components, and minimal design principles using Tailwind CSS.

FullStack Recipe Application

(Jan 2025 – Current)

Tech Stack: MERN Stack, MongoDB

- Built a full-stack web application where users can browse, create, and save recipes.
- Implemented **secure, typed backend** using TypeScript with Node.js and Express to ensure **data consistency and scalability**.
- Developed **dynamic frontend** using React and Redux for state management.
- Integrated **MongoDB** for storing recipe details, user accounts, and saved recipes.
- Focused on building **real-world authentication**, CRUD operations, and user-centric features.

EXPERIENCE

Pratibha Global Private Limited

Indore, India

Frontend Developer

Dec 2023- June 2024

- Collaborated with a cross-functional team to build **production-level frontend modules** for client-based applications.
- Participated in **code reviews, debugging**, and optimized app performance.
- Gained real-world experience in working with agile methodology and delivering features on tight deadlines.
